

## amity college

Five Senses Education is Amity College's official textbook supplier for this booklist. Special prices have been negotiated for this list. Please try to place your order as soon as possible to avoid delays.

Your booklist provides an overview of each textbook's format and how to access any eBooks you require.

Each textbook publisher has a slightly different way of providing eBooks. The methods of access include:

- An access code provided by Five Senses (either by email or the inside cover of a hardcopy textbook )
- An ebook link we email to you (which can be accessed using the FS Reader app. See further instructions under **How to Access ebooks** on page 4.

***Important: Each student's order will need a separate Five Senses account.***

Each student's order will need a separate Five Senses account. When you place your order, please use the student's Five Senses account. New students should create a Five Senses account, preferably using their Amity College email address. If you don't have an Amity College email address, please use another email address and we can help you change it next year after school starts.

A separate account is required for every student because that will be used by the student to access their eBooks on their device.

Please email or phone us if you have any queries. If you have already placed your order, please have your order number handy.
